Repairs by W. J. Simmons - ISBN 0-924947-10-1

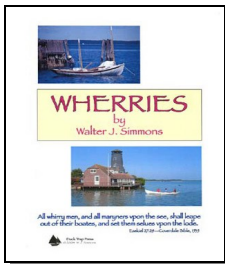

Anyone who has spent much time working around boats is fully aware that repair work is often far more demanding than new construction. That is because, done correctly, a repair should be invisible—and to be invisible the original work has to be matched precisely.

Price: \$29.95

Wherries by W. J. Simmons - ISBN 0-924947-16-0

If you are interested in wherries and how they arrived at this point in time, if you are curious about the working boats as well as the ones still being built today, or if you are even vaguely considering building a wherry of your own, this book was written for you.
